

# ICT based English language materials

## Background / Aims

One ICT device per student policy is accelerated (called GIGA\* school plan) in ES and JHS, which improves on-line learning environment

**On-line English language materials are developed to be used at schools and/or at home**

## Special Features

\*GIGA=Global and Innovation Gateway for All

- To provide systematic and progressive 100 materials on the website for the students and teachers in ES, JHS and HS
- To challenge, in accordance with the Course of Study, the following most important activities in elementary and secondary schools:
  - Introducing “English” as an official academic subject, and lowering the age at which “English Language Activities” is introduced (ES)
  - Enhancing speaking skills (JHS)
  - Building broader perspectives in English language learning (eg.) making use of CLIL\*\* (SHS)
- Based on Tokyo Global Gateway(TGG)’s accumulated knowledge and expertise, the materials have been developed in collaboration with Tokyo Metropolitan Government’s counterparts: foreign administrative bodies, colleges and universities in and out of Japan

\*\*CLIL=Content and Language Integrated Learning

## Schedule

- The website with part of the contents are available from October 2020.
- The rest is available by the end of FY 2020.
